The response of Christian donors to target new levels of poverty in Afghanistan is triggering the spread of the Gospel! In 15 cities where believers are living, funding from overseas donors is showing Christian love and compassion and encouraging Church growth.

This truly exemplifies Christ's words: "I was hungry and you gave me food. I was thirsty and you gave me drink, I was a stranger and you welcomed me." (Matthew 25:35) and "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven." (Matthew 5:16).

Will you help to speed up this growing movement? It takes three simple steps:

- Adopt one of these cities and pray that more and more of its residents will come to know and accept Jesus Christ as their Saviour. A new church will be born! Simply pick a city and let us know which one.
- Research that city online so that you know something of its history and current issues. We can also report back to you on its progress.
- Day by day, week by week collect your spare cash, give what you can afford, and send it to our office. Or you can send your donation through our website eurasia.org.uk (choose Afghanistan from the dropdown menu). It will then be passed on to our representative in your chosen city who can ensure it is used to the greatest benefit. Please email us at info.dgu@gmail.com telling us your chosen city.

This is Farid's story...

"Dear friends

I was forced to leave Afghanistan in 2013 when my life was in danger. My family and I found refuge and a better life, first in Kenya and now in Canada, but life for those believers still in Afghanistan today is not so pleasant.

"Since the Taliban took power these people face much hardship because of drought, lack of food, winter snow, and personal safety. They are hard pressed to make any kind of living because the Taliban only helps Taliban families.

"If conditions like this continue, a human catastrophe is inevitable, so, on their behalf, I call on all good people around the world to help them, in the name of Jesus Christ. The lives of not only believers but all needy people in Afghanistan are really in danger because of hunger and winter cold.

Please help them."
